

2008 Scavenger Hunt introduction and instructions:

The Scavenger Hunt is for our enjoyment to promote riding and camaraderie. I found the concept on the web site of another motorcycle organization and thought it looked like fun. So I enlisted the help of Carol Hauck and here is what we came up with:

1. It will cost **\$1.00** to participate.

This is to off-set the prizes given out at the end of the game.

2. Participation dates are from May 16th – October 16th.

2. Point Values are listed on the top of the columns. Categories are listed on the side.

3. The **Photo Scavenger Hunt** category is the only category that is unlimited as to how many points can be accumulated. This category must have proof by taking a picture of you OR your bike with your Women on Wheels patch visible. If you are with a group then a group shot is fine and can be used by everyone in the group as long as the Women on Wheels patch is visible for that person wanting to collect those points. All pictures must have the entrance sign or road sign visible; for State and National Parks photos must have the photo taken at the front gate, where it will say State or National Park. All photos must be dated.

POINTS	10	20	50	75	100
Photo Scavenger Hunt	*Local Landmarks	*State Parks	*Women in Public Service Uniform	*Animal Statues	*National Parks
(Unlimited)	*State Line signs	*Bodies of Water		*Scenic Byways/ Rustic Rds	*National Landmarks

4. The other categories consist of **Bike Work, New or Challenging Riding Experiences, Community Involvement/ Awareness** and **Chapter Participation**. The points available within these categories are one time only. No proof needed once the activity is completed, just date the square.

Below is a copy of the other categories' activity and the point value. The top line lists the point value for that column. IE wash/polish bike = 10 points or ride with a first season rider = 100 points.
